Subject: #127 zoning case for 3rd and Bowie

Hi Clark. I am writing to ask for a postponement in the 3rd and Bowie case, which is up tomorrow at Council as item #127. By going through CURE, the developer appears to be bypassing the city's affordable housing density bonus ordinance, and there are important issues to address about what the kinds of community benefits the developer is bypassing by going through CURE.

Best,
Heather K. Way
